Work experience		
8/2015 - present	<p>Director <u>Marine Research Centre (MRC)</u> of the Finnish Environment Institute (SYKE), Helsinki</p> <p>Responsibilities and tasks:</p> <ul style="list-style-type: none"> • leadership and management of the Marine Research Centre having budget of 8 million Euros and staff about 80-100 people • a member of Directory Board of SYKE • the chair of the steering committee of the MRC • international cooperation, external relations, outreach and communication • project development <p>SYKE Marine Research Centre is responsible for monitoring the status of the Baltic Sea for Finnish Government. It compiles Finland's assessments on environmental status of marine environment. It is the main research unit in Finland that carries out scientific marine environmental research. It hosts the Finnish marine monitoring data bases, runs the Finnish Research Vessel Aranda and the Marine Ecology Laboratory. It coordinates the consortium of Finnish Marine Infrastructure and the development of multi-sectoral national Marine Information Portal. It also informs about the research results to wide public, policy makers and private sector.</p>	
1/2000 - 7/2015	<p>Director, Professor <u>Arctic Centre</u> of the University of Lapland, Rovaniemi</p> <p>The tasks:</p> <ul style="list-style-type: none"> • leadership and management of the Arctic Centre having budget of 5 million Euros and staff about 60-80 people; • responsible for the research strategy; • outreach and communication planning; • leader of externally funded projects; • external relations, outreach and communication • member of the Directory Board of the University of Lapland; • expert on international arctic cooperation and research for Finnish government and in international processes. <p>The Arctic Centre, affiliated to the University of Lapland, is a multidisciplinary research institute that studies global change, climate change, sustainable development, and environmental and minority law in the circumpolar Arctic area. Its science centre exhibition popularizes science for wide public and schools, and its information service provides information for professional audiences and political decision makers. The exhibition has about 100 000 visitors every year. The Arctic Centre enjoys strong international reputation of high quality arctic excellence and communication activities.</p>	
2010 (6 mths)	<p>Research Fellow Dartmouth College, <u>Dickey Centre</u>, Hanover USA</p> <ul style="list-style-type: none"> • Research on the efficiency of the Arctic Council 	

2006 – 2009	<p>Vice-rector for Research in addition to the Directorship of the Arctic Centre <u>University of Lapland</u></p> <p>The tasks:</p> <ul style="list-style-type: none"> • Research strategy planning at the university level; • Writing the first Arctic research strategy for the University of Lapland; • Chairperson of the Research Committee of the University of Lapland; • Member of the Rector’s Team. <p>University of Lapland is a medium size university having yearly budget of 50 million euros and a staff of 600 people including about 60 professors. Approximately 4 500 students study in its four faculties. The University has a profile distinguished by high-quality, international research on the people, societies, art, cultures and environment in the Arctic and the North.</p>
1991 - 1999	<p>Senior Advisor <u>Ministry of the Environment</u>, Helsinki, Finland</p> <p>The tasks:</p> <ul style="list-style-type: none"> • responsible for preparations of Finland’s environmental co-operation in the Arctic Council, the Arctic Environmental Protection Strategy, and Barents Euro-arctic Council • responsible for preparations of Finland’s participation to the Committee for Environmental Protection of the Antarctic Treaty System, ATCM • co-ordination of Finland’s statements with agencies, scientists, NGOs and the representatives of indigenous and local people • participation in co-operation with the ministries of environment and foreign affairs of the Arctic countries, i.e. the Nordic countries, the USA, Canada and Russia • responsible on behalf of the ministry for preparation of the Guidelines for the Environmental Impact Assessment in the Arctic adopted by the Arctic States in Ministerial meeting in Alta 1997
1998 – 1999	<p>Deputy Executive Secretary (leave of absence from Ministry of the Environment) Arctic Council, <u>CAFF International Secretariat</u>, Akureyri, Iceland</p> <ul style="list-style-type: none"> • project leader and the coordinator in preparation of Status and Trends of Arctic Flora and Fauna –book by CAFF adopted by the Arctic Council ministerial meeting in Inari in 2002. The report was contributed by almost two hundred scientists and representatives of indigenous people from all eight Arctic Countries.
1987, 1989– 1991	<p>Scientist Finnish Institute for Marine Research, Helsinki, Finland</p> <ul style="list-style-type: none"> • Research about sea ice pressure ridges in the Baltic Sea • Field measurements on sea ice from research vessels and ice-breakers.
1990 (6 months)	<p>Scientist (distant work for the FIMR) <u>Geophysical Institute</u>, University of Alaska Fairbanks</p> <ul style="list-style-type: none"> • Sea ice field measurements and research
1986-87 (6 months)	<p>Researcher The National Board of Public Roads and Waterways, Helsinki Geological field surveys</p>
1983 – 1985 (6 months)	<p>Assistant, hourly instructor University of Helsinki, Department of Geography Field course assistant, library duties</p>

Education	
1996-1998	Doctor of Philosophy, University of Helsinki: Geography, sea ice, winter navigation and remote sensing, arctic sustainable development, arctic environment, arctic politics
1988-1996	Licentiate of Philosophy, University of Helsinki Geography, arctic sustainable development, arctic environment, arctic politics, sea ice
1982-1988	Master of Science, University of Helsinki Geography, biology, geophysics Qualifications for high school teacher in geography and biology
1982	Matriculation Examination, Herttoniemi High School, Helsinki
Training	
2016	Finnish Institute of Public Management Ltd. Leaders of the future, 3 month's course with 7 days contact training and three supervised visits to public organisations.
2012	National Defence University National Defence Course, 3 weeks training for leaders and directors in Finland.
2004	<u>Eisenhower Global Program</u> Two months' custom-designed program in USA for young emerging leaders.
Qualifications	
Projects	Project leader during director's responsibilities:
From 2016 on	Granted projects 2.4 M€ <ul style="list-style-type: none"> National Marine Information Portal, project leader 2017 – 2020;
2000 -2015	Granted projects (ca 5 M€) <ul style="list-style-type: none"> <u>Strategic Environmental Impact Assessment of the Change in the European Arctic</u>. DG Environment, EU Commission. EU Arctic Information Centre Preparatory Action. 2012 - 2014. Cooperation by 19 leading Arctic expert institutions in Europe International Preparatory meeting on Environmental Impact Assessment in the Arctic. Ministry of the Foreign Affairs, 2014 as a follow up of the project on <u>Russian arctic EIA</u>, and for contribution to the new <u>Arctic Council project on EIA</u>. CIMO Fellowship for a PhD Student working at the Arctic Centre. EU & Arctic. 2014 <u>In the Spirit of Rovaniemi</u> –process conference 2014. City of Rovaniemi, Council of Lapland, Jenny and Antti Wihuri Foundation. The <u>Rovaniemi as a centre of international Arctic co-operation</u>. 2012-2013. City of Rovaniemi, Council of Lapland, Jenny and Antti Wihuri Foundation <u>ARKTIS Graduate School</u>. Finnish Academy, Ministry of Education 2003 -13. The program produced 14 completed doctoral dissertations. – Enrolment: 20 international PhD Students, 5 funded posts yearly. Saami People and the European Union Arctic Policy, Sámi Council 12.2013 -12.2014 <u>Knowledge in Environmental Decision Making in Lapland</u>. EU Regional Fund 1/2010-12/2012 Barents Arctic Network of Graduate Schools. Nordforsk. 2007 – 09 Launch of International Polar Year for Finland. Rovaniemi. Ministry of the Environment. 1.3.2007 International Conference: Power and Knowledge in the Arctic. Finnish Academy. 2006

	<ul style="list-style-type: none"> • Change and variability of the Arctic Systems 2005-09 in cooperation with University of Uppsala. Svalbard Research Expeditions.
